The screenshot shows a web browser window displaying a page titled "This is all about formatting". The page content is as follows:

```

<h2>&nbsp;This is all about formatting </h2>
We know the internet is a wonderful place to visit but why do
some things on a web page catch our eye more than others. It
is because of the <i> formatting </i> and the <b> emphasis
</b> of different elements to a page. <b>Bold</b> <i>italic</i>
<u>underline</u> <em>em</em> <strong>strong</strong> are
all tags that can be used for this task.
</body>
</html>

```

The browser's address bar shows the file path: "File | D:/lab01.html". The browser's toolbar includes buttons for back, forward, home, search, and other standard navigation functions.

Below the browser window, the Adobe Business Catalyst interface is visible. It includes a sidebar with navigation options like "Home", "Pages", "Forms", "Widgets", and "Tools". The main content area displays a "Business Catalyst" banner with the text "Build and publish business websites and powerful online stores within Dreamweaver." and a "Try Adobe Business Catalyst for free today!" button.

The screenshot shows the Adobe Dreamweaver interface. The main workspace displays an HTML document with the following code:

```

<!DOCTYPE html PUBLIC "-//W3C//DTD XHTML 1.0 Transitional//EN"
"http://www.w3.org/TR/xhtml1/DTD/xhtml1-transitional.dtd">
<html xmlns="http://www.w3.org/1999/xhtml">

```

The right sidebar contains the 'Properties' panel with an 'Add Property' button. Below it is a 'Business Catalyst' advertisement with the text: 'Build and publish business websites and powerful online stores within Dreamweaver.' and a 'Get Started' button.

12 It can be intimidating for women to learn and ask question
  when they are in an <strong>extreme minority</strong>.While
  open and welcoming, today's building developer community is
  up to <strong>91% male</strong>. If we can empower more
  females with the confidence in their technological
  capabilities <i>we can begin to change this landscape</i>.
